## Del Campo Dermatology & Laser Institute Debuts Its Collaboration With La Maison Valmont

By Annie Kurnick | August 17, 2021 | Feature Style & Beauty

*JUST IN TIME FOR SPA MONTH, DEL CAMPO'S LUXURY DERMATOLOGIST OFFICE SHOWCASES ITS NEWEST PARTNERSHIP THROUGH OFFERING A DISCOUNT ON THE BRAND'S PRESTIGIOUS SKINCARE RITUALS.*

While most skincare products and specialists tend to focus on temporary results with surfaced-level products, the delicate science that should be incorporated into all skincare regimens are rare or often dismissed.

Located in North Miami, Del Campo Dermatology & Laser Institute is changing the game of beauty wellness as we know it. Debuting its recent partnership with globally-renowned Swiss beauty brand La Maison Valmont, the unique lineup of products featuring the utmost prestigious anti-aging properties is backed up by years of cellulotherapy research.

While the luxury dermatology office is one of the first in Miami to offer Valmont's signature facials and medical-grade products, its Miami Spa Month menu gives patients a whopping 30% off of Valmont's Hydration and Radiance facials. Both being a rich, 60-minute service regularly valued for \$275, the beauty center for all things exquisite takes your skin on an adventure for only \$190 until August 31st.

As lack of hydration is seen as one of the first signs of aging in younger skin, the Hydration Ritual fills the skin with water using the technology of two hyaluronic acids. The intensely nourishing treatment immediately re-plumps your skin and visibly diminishes fine lines.

For those looking to illuminate, clarify and unify the skin while mastering all pigmentation disorders, the Radiance Facial focuses on the improvement of skin texture as it provides overall anti-aging action. Inspired by Asian care rituals, the Valmont original creation results in a complexion as pure and clear as ice.

Whichever transformative service you choose to indulge in, a percentage of the proceeds will be donated to feeding South Florida in honor of Hunger Action Month. Expect to be reunited with a layer of pure and glistening skin that you haven't seen since the peak of your youth. Revitalize, resurrect and revamp at Del Campo Dermatology & Laser Institute, where art and science meets beauty. [@drrobertadelcampo](#)
